Case No. [17-cv-03440-DMR](#)

**ORDER DENYING ADMINISTRATIVE
MOTION TO SEAL**

Re: Dkt. No. 125

12 On July 6, 2021, Defendant Hamamatsu Corporation filed an administrative motion to seal
13 its motion for leave to take third party discovery out of town, seeking to file under seal the entire
14 motion itself, the proposed subpoenas, and two exhibits in support of the motion. [Docket No.
15 125.] Defendant moved to seal these materials solely on the grounds that they “contain
16 information derived from” materials that Plaintiff SEMICAPS PTE Ltd. designated as confidential
17 and highly confidential. However, the motion is not “narrowly tailored to seek sealing only of
18 sealable material,” *see* Civ. L.R. 79-5(b), and Plaintiff has not filed a responsive declaration as
19 required by Civil Local Rules 79-5(e)(1) and 79-5(d)(1)(A) establishing that these documents are
20 sealable. Therefore, the motion to seal is denied.
